Data extracted on 11 Nov 2004

Notes:

1. The data shown here includes both persons who arrived during the reference period as migrants and persons who arrived as temporary entrants and were later granted permanent resident status onshore.

2. Data on non-visaed permanent arrivals (eg New Zealanders) is not included.

3. The data in this report has been compiled from a number of information sources within DIAC.

The collection of some data items in these information systems is not mandatory. As a consequence there may be a large number recorded as 'unknown' for some items, including some of the selection variables on which this report is based. Because of the possibility of a high number being recorded as 'unknown' for some items, the data shown here should only be taken as indicative of the actual number of settlers with these characteristics.

nfd = not further defined; nec = not elsewhere classified; SAR = Special Administrative Region.
